Headteacher's Message

It has been another busy week in school with lots of learning going on in all of the classes. It has been lovely to hear the sounds of Christmas beginning to echo down the corridors. Not long now!

Class 2 have been making the most of their brand new interactive whiteboard, as their old one was broken. This has really brought the classroom into the 21st century and will enhance the children's learning further. A big thank you to FOSS for the kind donation that allowed us to purchase this piece of equipment.

Class 3 have had a great week, which started with a new addition joining the class on Monday. Liam has settled brilliantly into the Sutton family and we extend a warm welcome to him and his family. It was lovely to see the children working well as part of team to design posters around the theme of respect - one of our school values.

Class 1 have had a really productive week with lots of Maths and writing going on. I have been really impressed with the Reception children's phonics and am pleased to see that they are putting this knowledge into action and writing words, using beautiful handwriting. Arthur and Matilda even paid Class 3 a visit to see what the Y5/6 children wanted to put on their shopping lists.

This week some of the staff have been out and about: Mrs Fineran is at a Maths Hub meeting today to look at good practice around delivering Maths to mixed age classes, and to build some collaborative links with similar schools. Mrs Comito visited another school this week to look at good practice in Year 5/6 Maths.

As I said above, Christmas is just around the corner and we are getting excited. There are lots of lovely things happening in school over the next three weeks, beginning with the tree-decorating on Monday, which will be incorporated into our usual collective worship slot. Parents are very welcome to attend from 2.45pm and there will be a bake sale afterwards run by the School Council to raise funds for Budalangi.

As the excitement builds, it is very important that positive behaviour is maintained throughout school, as we still have lots of teaching and learning to focus on before the end of term. The children will be completing end of term assessments and I will be meeting with all of the teachers to look at the progress the children have made over the Autumn term. I promise that the last week will be full of festive fun!

I hope to see some of you at the Sutton Pre-School Christmas Fair this Sunday from 12pm.
