

Treetops at Sutton

Dear Parent,

We regularly visit Sutton on the Forest Park and woods with the children when the weather permits it. The children enjoy this. They play on the equipment which is maintained and checked by Sutton on the Forest Playing Fields Association. They enjoy climbing trees, building dens, splashing in puddles and observing and collecting items from the forest to use in their play.

We require your consent to make these visits. The site has been fully risk assessed by us and we will ensure that sufficient staff are on site to provide good supervision. If you are happy to provide ongoing consent, then please sign and date below.

If you have any questions or concerns, please speak to Helen Morris or Sandie Hodgson.

Yours sincerely

Helen Morris
